

ALL IS IN READINESS.

PREPARATIONS COMPLETED FOR THE BIG THANKSGIVING GAME.

A Large Crowd Will Witness the Contest. Special Trains Will be Run From Over the State.

When the Varsity and Tarheels meet at West End Park on Thanksgiving Day to contest for their annual supremacy in football, they will be greeted by probably one of the largest crowds ever assembled together to witness an athletic contest in this city.

The great college games have grown to such importance during the last few years, that it has now become a serious question as to how the larger cities are to handle the immense crowds that flock to witness the games between such teams as Yale and Princeton, Pennsylvania and Harvard. The South, until this year, has been a comparatively quiet place, and more popular in the future, until there is nearly as much excitement over the game here as there is in the North.

Last year the Varsity and University of North Carolina met in this city, and about 4,000 people saw the game. It was played on Island Park, which was not only a horrible place for the game, but was too small to accommodate the crowd, and during the second half broke over the ropes and crowded upon the field.

WHERE IT WILL BE PLAYED. This year the contest will be at the West End Park, which has been fitted up for the game with every view to the accommodation of the crowd, and the convenience of the players. It is estimated that with the crowds that are coming from Charlottesville, Danville, Petersburg, Norfolk, Lynchburg and Fredericksburg, in addition to the city who will see the game, that there will be in the neighborhood of eight thousand people to witness the contest.

The plot which is published with this article, will be of assistance to those who are not familiar with the changes made at the Park.

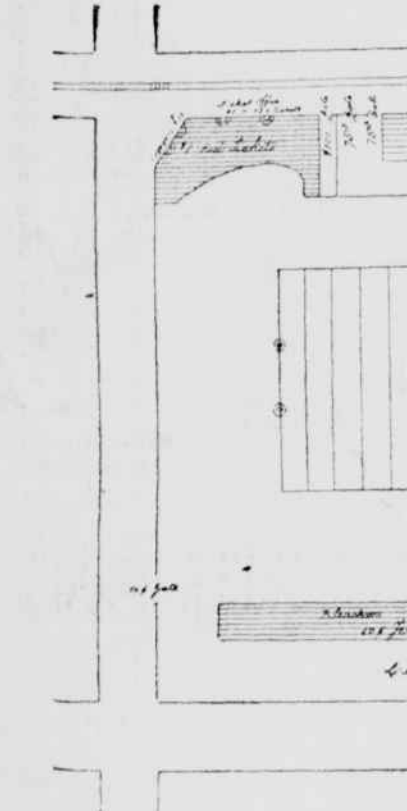

THE WESTERN FENCE HAS BEEN MOVED BACK SIXTY FEET, thus giving ample room for the gridiron to be laid off from east to west, instead of diagonally across the field as would otherwise have been the case.

ABOUT THE TICKETS.

As will be seen from the plot, the red tickets will admit the bearer to the grandstand. They can be purchased under the grandstand from the northwest corner, one dollar tickets. The entrance to the grandstand will be the first gate at the western end of that structure.

The blue tickets are for the occupants of the Main street bleachers, which extend along the southern edge of the field. They can be purchased at the western end of the grandstand, and their gate of admittance is just beyond the grandstand gate.

The general admission or yellow tickets can be purchased from the eastern end of the grandstand, and their gate of admittance is on Vine street opposite the car sheds, and near the

PLAT OF THE PARK AS IT WILL APPEAR ON THE DAY OF THE GAME, SHOWING ENTRANCES AND TICKET OFFICES.

Intersection of Vine street and Flord Avenue. These bleachers only extend to the length of the northern end of the field and the rest is standing room so it is a case of first come first served. The entrance for the crowd is at the intersection of the northern end of the park. A fence four feet high will surround the field and no one except the players, substitutes and press representatives will be allowed inside this enclosure.

TO OPEN AT 1 O'CLOCK.

The gates will be opened at 1 o'clock and the game will commence at 2:30 o'clock. There will be twenty policemen, under the command of Sergeant Epps, to handle and keep the crowd in order. No occupants of the bleachers will be allowed to stand up, every one will be forced to keep their seats and no walking up and down the foot of the bleachers will be permitted.

The electric cars on the Main street line will run from the park to Ninth street and back, so as to afford better accommodations for the crowd. There will be a car every five minutes. The grandstand tickets are limited to 30 and the Main street bleachers tickets to 200. Both teams are working hard for the victory and there is every prospect that the game will be one of the greatest athletic contests that has ever taken place in the South.

THE NORTH CAROLINA TEAM.

UNIVERSITY OF NORTH CAROLINA. So far North Carolina has won from all the southern teams she has played with the following scores: A. and M. College of North Carolina, 4-0 and 16-0; Trinity College, 10-0; 1-0; 2-0; 3-0; 30-4; Georgetown, 20-4; and Richmond College, 28-0.

The following is the personnel of the North Carolina team: Baskerville, captain and full-back bar, and the same position for two years. He is light, well built, but he hits the line as hard as a much heavier man could do. His kicking is good, but his tackling is rather weak. Stephens is at present playing left-half. His weight is 165 pounds. He hits the line well, but it is slow in en playing. Moore, right-half, is new in that position, having played tackle until the game with Georgetown. He weighs 160, and like Stephens, he is weak in skirting the ends, but he is very strong in line plays, and while on the game he is a low, hard tackler.

At quarter, Stanley is doing fair work. He is fast when he gets started, but is slow in getting off. His jarring is fairly good. He is weak in defensive play. He weighs 150 pounds.

Meredith has been playing right end, but a few days since was called home. It is hoped, however, that he will return in time for the game. He weighs 155 and while being a slow runner, he is a hard man to block off. His tackling is a little too high, but he usually brings down his man.

In case Meredith does not play, his end will be filled by Stringfield. The latter is too slow to get to the end, but stringfield makes up further defects by strength and watchfulness. He weighs 165.

Left end is being held down by Gregory. He is quick and a low sure tackler. He follows the ball well, but is apt to overrun his man getting down on his knees. He weighs 165.

Bousier is also making a strong bid for the position.

Right guard is the position of the fastest man on the team. He weighs 195. His best play is in interference. His defensive work is not what it should be and he fails to follow the ball.

Guinon, left guard, is the best man on the team. It is his first year in college, but he has learned the requirements of the position very rapidly. His running with the ball is very good, and his interference is above the average. He is strong on defensive play. He weighs 175.

Shay, at center, is only fair. He is the best back on the team. He weighs 155. He is very weak in defensive play. His weight is 175.

The most prominent substitutes are: Graham, 145 pounds. He will play full back. He is a good player. He weighs 155. He is a good player. He weighs 155. He is a good player. He weighs 155.

Thompson is making a good tackle on the scrub, and White and Wright are also playing good ball.

The Virginia Team.

UNIVERSITY, VA., Nov. 16.—Special.—Since the arrival of Mr. Mackie, who has been playing for the University of North Carolina, the Virginia team has been one of the best in the South. Mr. Mackie played four years on Lafayette and three on Pennsylvania. His knowledge of the game is, therefore, second to none, and since U. Va.'s great game with Princeton, in which contest superior coaching and training won the day, the idea that knowledge of the game is limited to Yale and Princeton has been exploded.

The team has all along felt the need of a coach to direct and keep them together. Now that the coach has arrived, every one from the tried veteran to the substitute scrub is playing the game of his life. Last Wednesday afternoon the life and Varsity teams lined up for practice.

The scrubs had the ball throughout the evening. The Varsity team confining itself to practice of defensive work.

Johnson, who is now out again playing end and his work was superb in breaking up the interference of the scrubs.

His captain did not play, but watched the game with Mr. Mackie. Heider and Burroughs played guards. Blaine, center; Johnson and Jackson, ends; Bousier and Hicks, tackles; Taylor, Groner, Cocke and Jones were behind the lines.

Mudd and Price are both crippled at present. Mudd having a severe sprain of the right leg, while in all probability he will be out for the Thanksgiving game, though they are at present losing some valuable practice.

Jesse Hamsburg, who played such a great game at tackle last year, was out for the game. He is a good player. He weighs 155. He is a good player. He weighs 155. He is a good player. He weighs 155.

Heider and Burroughs played guards. Blaine, center; Johnson and Jackson, ends; Bousier and Hicks, tackles; Taylor, Groner, Cocke and Jones were behind the lines.

Mudd and Price are both crippled at present. Mudd having a severe sprain of the right leg, while in all probability he will be out for the Thanksgiving game, though they are at present losing some valuable practice.
